

main.c

Run

Output

```
1 #include <stdio.h>
2 int main()
3 {
4     int n;
5     printf("enter the number :");
6     scanf("%d",&n);
7     int number[n];
8     for(int i=0;i<n;i++)
9     {
10         number[i]=i+1;
11     }
12     printf("natural number are:%d");
13     for(int i=0;i<n;i++)
14     {
15         printf("%d",number[i]);
16     }
17     return 0;
18 }
19
```

```
/tmp/Qdi0wS87sK.o
enter the number :5
natural number are:012345
```
